Ultra Modern, Colonial, Country, Classic, Bungalow, Ranch Home and more....
Milgard Windows and Doors fit into any architectural vision. Our experts can help you choose a style that's right for you and your home.

Essence Series®:

Wood has always been praised for its beauty and natural insulating properties inside the home—but presented real challenges in terms of durability on the exterior. With Essence Series®, Milgard combines the best of both worlds. A durable fiberglass exterior stands strong to protect a solid wood interior against the elements for lasting beauty and exceptional performance.

Milgard Aluminum:

Popular with architects, aluminum windows and doors help accentuate the clean lines of modern design. Aluminum Series are not only beautiful, they are extremely durable to achieve unique architectural vision. Choose from White, Clear Anodized and Dark Bronze Anodized.

Ultra™ Series Fiberglass:

Stay true through almost any environment. Because it's made from glass fibers, the frame expands and contracts at approximately the same rate as the insulated glass it holds. This puts less stress on the seals, reduces the chance for seal failure while allowing for a clear, fog-free view.

Tuscany® Series Vinyl:

Crafted from a proprietary blend of premium vinyl, which marks the distinction when crafting for superior results. Tuscany Series windows also come with Milgard's newest features in hardware and security for a lasting impression.

Style Line® Series Vinyl:

Crafted with narrow frames to allow for more visible glass area. The slim-profile design minimize obstructed view between two windows, making Style Line Series a great choice to use in combinations that reflect a sleek, contemporary look. Frames are available in a multitude of neutral colors to blend with softer tones.
