Strong-Wall® High-Strength Wood Shearwall Anchor Bolt Templates

The New WSWH-RT high-strength wood shearwall anchor bolt templates are replacing the WSW anchor bolt templates. WSWH accessories are compatible only with WSWH panels; use WSW accessories with WSW panels.

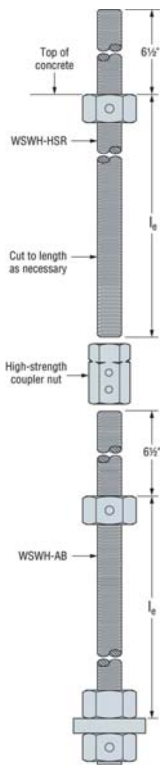

The WSWH-RT are patented anchor bolt templates designed to ensure accurate anchor bolt placement for Strong-Wall® high-strength wood shearwalls (WSWH). These anchor bolt templates simplify installation and greatly reduce the likelihood of voids in the concrete. The templates are reusable and designed to work with the common foundation types used for WSWH panels.

#15765 1"x24" KIT \$53⁹²
 #15772 1"x36" KIT \$75⁴⁷

WSWH-HSR Strong-Wall® High-Strength Wood Shearwall Extension Kit

The NEW WSWH-HSR high-strength wood shearwall extension kit is replacing the WSW extension kit. WSWH accessories are compatible only with WSWH panels; use WSW accessories with WSW panels.

The WSWH-HSR is designed to work with Strong-Wall® high-strength wood shearwall anchor bolts (WSWH-AB and WSWH-ABHS) for attaching high-strength wood shearwalls (WSWH) to concrete foundations. This high-strength rod kit allows for anchorage in tall stem wall applications where full embedment of a WSWH-AB into the footing is required.

#14546 1"x24" KIT \$51⁰⁴
 #14577 1"x30" KIT \$58¹⁴
 #14607 1"x36" KIT \$64⁶⁸

WSWH-AB Strong-Wall® High-Strength Wood Shearwall Anchor Bolt

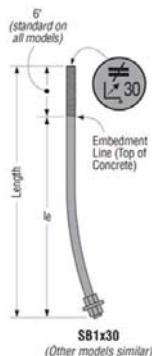

The New WSWH-AB high-strength wood shearwall anchor bolt is replacing the WSW anchor bolt. WSWH accessories are compatible only with WSWH panels; use WSW accessories with WSW panels.

The WSWH-AB is a heavy-duty preassembled anchor bolt used to attach Strong-Wall® high-strength wood shearwalls (WSWH) to concrete foundations. With a 1" diameter and a variety of length options, these anchor bolts offer flexibility for meeting specific project demands.

#SB5824HD 5/8"x24" \$31⁹⁹
 #SB7824HD 7/8"x24" \$46¹⁵
 #SB130HD 1"x30" \$80⁰⁷

Anchor Bolt

An anchorage solution for our holdowns that call for a 5/8"-diameter, a 7/8"-diameter and a 1"-diameter anchor. Hex nuts and plate washer fixed in position. Available in HDG for additional corrosion resistance. Rolled thread for higher tensile capacity.
