Ultra Modern, Colonial, Country, Classic, Bungalow, Ranch Home and more.... Milgard Windows and Doors fit into any architectural vision. Our experts can help you choose a style that's right for you and your home.

Essence Series®:

Wood has always been praised for its beauty and natural insulating properties inside the home—but presented real challenges in terms of durability on the exterior. With Essence Series®, Milgard combines the best of both worlds. A durable fiberglass exterior stands strong to protect a solid wood interior against the elements for lasting beauty and exceptional performance.

Milgard Aluminum:

Popular with architects, aluminum windows and doors help accentuate the clean lines of modern design. Aluminum Series are not only beautiful, they are extremely durable to achieve unique architectural vision. Choose from White, Clear Anodized and Dark Bronze Anodized.

Ultra™ Series Fiberglass:

Stay true through almost any environment. Because it's made from glass fibers, the frame expands and contracts at approximately the same rate as the insulated glass it holds. This puts less stress on the seals, reduces the chance for seal failure while allowing for a clear, fog-free view.

Tuscany® Series Vinyl:

Crafted from a proprietary blend of premium vinyl, which marks the distinction when crafting for superior results. Tuscany Series windows also come with Milgard's newest features in hardware and security for a lasting impression.

Style Line® Series Vinyl:

Crafted with narrow frames to allow for more visible glass area. The slim-profile design minimize obstructed view between two windows, making Style Line Series a great choice to use in combinations that reflect a sleek, contemporary look. Frames are available in a multitude of neutral colors to blend with softer tones.

Clearly the best.™

Super Stick Building Tape #4SS 4"x75' **\$23⁹³** #6SS 6"x75' **\$33⁹³**

A high tack, tenacious, durable, peel and stick air/vapor barrier tape system used for sealing PVC and aluminum fin windows and doors; window and door openings; and as a full coverage air vapor barrier membrane. Designed to be applied down to -20°F without the use of primer or mechanical fasteners on most substrates. (Substrates must be tested for adhesion.)* Utilizes a high tack pressure sensitive adhesive (PSA) combined with a high performance facer film. Provides a full 12 month UV exposure. A greener, cleaner building tape solution that offers No VOC's, HFCC's, nor CFC's. It is non-toxic and non-allergenic.

#2TF 2"x50' **\$13⁷³** #4TF 4"x50' **\$26⁸³**

Protecto Wrap Joist Tape

40 mil thick. Flexible peel and stick waterproofing membrane tape that is intended for use as a waterproof/anti-corrosive barrier between ACQ/AC2 treated lumber and metal surfaces, including between metal hangers, sill plate, and deck plates.

VULCAN VENT™

For new construction or retrofit!

Vulcan Vent® begins with a standard frame design, but behind that is 1/4" hexagon expanded aluminum, coated with an intumescent coating from Fire Free Coatings Inc. The coating swells up when exposed to high temperatures and closes off the cells, effectively blocking off fire & ember intrusion.

Mead Clark stocks the following Vulcan Vents:

- 6002048 2" Round Eave Vent
- 6002055 3" Round Eave Vent
- 6002109 6x14 Foundation Vent
- 6002130 8x14 Foundation Vent
- 6002093 6x14 Stucco Vent
- 6002123 8x14 Stucco Vent
- 6002000 3-1/2"x22" Eave Vent
- 6002338 2"x10" Soffit Fire Vent
- 6002246 14"x18" Gable End Vent

HITACHI

FREE
Hitachi UB18DGL
Worklight with purchase
of #NR1890DR
While they last

Tool has a Lifetime Mfg Warranty!

\$409

3-1/2" 18V Cordless Brushless Plastic Strip Framing Nailer
#NR1890DR. Unique Air Spring Drive System that uses compressed air to drive each nail resulting in zero ramp up time, increased driving speed, recoil that feels like a pneumatic nailer. Powered by a Compact 3.0Ah Lithium Ion battery included.

HITACHI

FREE 3/8 x 100' Poly Hose # 115317
with purchase of #NV65AH, NR65AK
or AKS - While they last!

\$349

2-1/2" Coil Siding Nailer
#NV65AH. 4.6lbs. Depth of drive adjustment to countersink or flush drive nails. Drives wire and plastic sheet collated nails. Adjustable air deflector, directs the air exhaust in any direction.

\$349⁰⁰ ea.

2-1/2" Strap-Tite Strip Nailers
#NR65AKS or #NR65AK. Lightweight for easy maneuverability. Narrow design for ease of use in tight spaces. Adjustable air deflector directs the air exhaust in any direction. NR65AKS with a short magazine for tight angles.

DUPONT

Tyvek

\$149 6"x75' roll #6FW

\$189 9"x75' roll #9FW

Dupont Flex Wrap

Self adhered butyl flashing helps prevent water intrusion at window and door sills without mechanical fasteners.

\$35⁶³ 4"x75' #4TFT **\$48⁵³** 6"x75' #6TFT

Dupont Flashing Tape

Contains no asphalt components; instead, it uses a superior performance butyl-based adhesive system and a thermally stable polyolefin top-sheet that will not deteriorate or stain after extended exposure to temperatures up to 180°F. It adheres well to most common building materials while maintaining a forgiving initial tack, thereby allowing for repositioning of the product during installation.

DUPONT

\$21⁶³

Dupont Flex Wrap EZ 2-3/4"x15'

#FWEZ. FlexWrap EZ was designed specifically to help create an air- and water-tight seal when installed around penetrations of all different shapes and sizes. It is ideal for flashing around the many smaller electrical, HVAC, and plumbing penetrations as a fast and easy solution to help improve energy efficiency and the durability of a wall system.
