

TimberTech®

We are now officially TimberTech Dealers. TimberTech Azek is a high quality, environmentally sustainable, advanced PVC decking option.

With a more realistic wood look, a higher resistance to fading, staining, and moisture damage, and industry leading warranties, TimberTech PVC is a no brainer for your deck building needs.

Durability: TimberTech's material scientists engineered the highly durable material to achieve the most realistic wood looks while eliminating the plastic appearance associated with some competitors' PVC deck boards.

Sustainability: TimberTech Advanced PVC has a core made of up to 60% recycled materials and is recyclable again at the end of its long, useful life.

Winning Warranty: Your investment is protected with a 50-Year Fade & Stain Limited Warranty and Limited Lifetime Product Warranty.

Splinter Free & Barefoot Friendly: Better for bare feet and paws, TimberTech Advanced PVC decking won't splinter, and stays up to 30° cooler to the touch with 40% better traction, wet or dry, than competitive products.

Both the Vintage Collection and the Landmark Collection boast a Class A Frame Spread Rating and are WUI compliant, making them an ideal choice for fire zones.

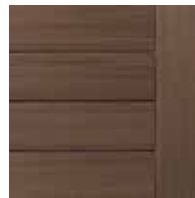

Coastline®

Dark Hickory

English Walnut®

French White Oak®

Mahogany

Weathered Teak®

All of us at Mead Clark are excited to bring this new product line to you, as well as all the other resources that come along with it, including a team of knowledgeable TimberTech representatives.

What happened to Trex? It's not going away! You can still special order Trex through our Contractor Sales department.

TimberTech®

Deck Accessories

TimberTech CONCEALoc®

Hidden fastener designed exclusively for TimberTech grooved boards, CONCEALoc provides a fastener-free surface and can be installed pneumatically.

TimberTech TOPLoc®

Advanced Color Matched PVC Screws in 2-1/2", specifically for Advanced PVC decking.

Compatible Decking Colors:

Brown: Mahogany, English Walnut®

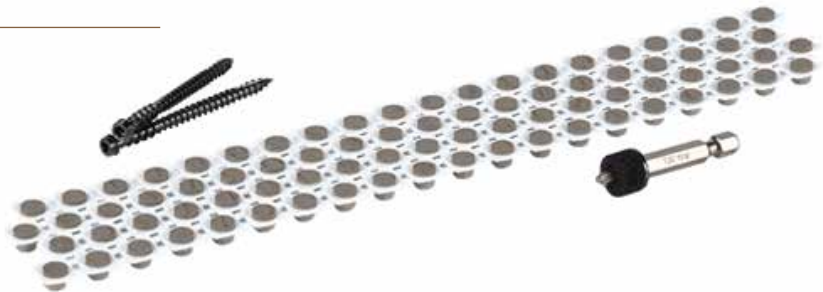

Dark Brown: Dark Hickory

Light Gray: Coastline®

Light Tan: Weathered Teak®, French White Oak®

FastenMaster Cortex

Cortex screws are hidden, top-down fasteners with material-matched plugs that secure your deck boards to the joists below.

The plugs are made of the same material as your Advanced PVC deck boards for a satisfactory match — giving you the appearance of a fastener-free deck surface.
