### Milwaukee

As you might have heard... On January 1st of 2024, California Assembly Bill 1346 took effect which shoots to reduce carbon emissions by prohibiting the sale and production of things like gas powered, outdoor, power equipment.

Companies like Milwaukee Tool have sought out to create battery operated outdoor power tools that have the same powerful punch and run times as their gas operated counterparts.

### Armstrong Clark Wood Stain

**\$35<sup>00</sup>** was \$40.11

**Transparent Cedar Tone 1GAL #300314**  
Allow the wood grain to be seen while providing the least amount protection against UV rays that gray wood.

- For softwoods
- If the 1st coat soaks into the wood within 60 minutes a second coat can be applied for extra protection
- 1 coat only for furniture and sitting surfaces
- Higher elevations may require annual maintenance
- Makes wood grain "pop"

**\$35<sup>00</sup>** was \$40.11

**Semi Transparent Cedar 1GAL #800814**  
Provide a balance between seeing the wood grain and providing enhanced UV masking properties.

- For softwoods
- 1 or 2 coat applications
- If the 1st coat soaks into the wood within 60 minutes a second coat can be applied for extra protection
- For furniture and sitting surface applications apply one coat and wipe stain off after one hour to prevent rub-off

**\$45<sup>00</sup>** was \$49.61

**Amber 1GAL #441215**  
Highest quality pigments provide enhanced transparency and UV protection over semi-transparent. These colors are transparent on hardwoods and semi-transparent on softwoods.

- For hardwoods (like ipe) and softwoods
- Transparent colors
- 1 sparingly thin coat for hardwoods
- Stain pad recommended for hardwood applications; roller application not recommended for hardwoods
- For softwoods a second coat can be applied for extra protection if the 1st coat soaks into the wood within 60 minutes
- For furniture and sitting surface applications apply one coat and wipe stain off after one hour to prevent rub-off
