

# TimberTech®

## ADVANCED PVC

### JUNE IS TIMBERTECH MONTH

# \$10 Instant Rebates

For every \$100.00 of TimberTech products purchased from Mead Clark Lumber in the month of June, you will receive an instant rebate of \$10.00.

Valid 6/1/2025 through 6/30/2025. Not redeemable for cash. No prior purchase adjustments. Call or stop into Mead Clark for more details.

## Engineered to be Enjoyed for a Lifetime

TimberTech Advanced PVC is made using proprietary materials technology. The ultra-durable capped polymer decking delivers sophisticated, authentic wood looks without the maintenance of wood. No need to sand, stain, or seal — ever.

### REAL WOOD BEAUTY WITH TOP-RATED FIRE RESISTANCE

**TimberTech Advanced PVC offers both beauty and fire resistance, giving you peace of mind and a deck you can enjoy for years to come.**

When it comes to protecting your home from fire, every detail counts. While those living near fire zones understand the importance of minimizing flame spread risk, fire safety is worth considering no matter where you live. Accidents, like grill fires or stray sparks from a fire pit, can happen anywhere and lead to disaster.

TimberTech Advanced PVC Decking provides an added layer of peace of mind. Our Vintage and Landmark Collections are Ignition Resistant, WUI Compliant, and boast a Class A Flame Spread Rating, meaning they burn at a slower rate and are less likely to contribute to aggressive flame spread. That's protection traditional wood and composite decking can't offer.

#### INDUSTRY-LEADING WARRANTIES

Rest easy knowing your investment is protected with a 50-Year Fade & Stain Limited Warranty and Limited Lifetime Product Warranty.

#### FADE & STAIN RESISTANT

Enjoy a richly hued deck for decades with protective capping that resists UV rays and staining.

#### LOW MAINTENANCE

Never sand, stain, or seal your deck ever again. An occasional scrub and rinse are all that's needed.

#### SUSTAINABLE

Made in the USA from approximately 60% recycled material, including post-construction scrap like vinyl siding and trim, TimberTech Advanced PVC decking is a sustainable option. Plus, it's fully recyclable at the end of its useful life.

#### SPLINTER FREE & BAREFOOT FRIENDLY

Better for bare feet and paws, TimberTech Advanced PVC decking won't splinter, and stays up to 30° cooler to the touch with 40% better traction, wet or dry, than competitive products.
