

Beautiful Hardwoods

TO BUILD YOUR OWN CABINETS, CLOSETS & SHELVES

At Mead Clark Lumber we know hardwoods! Inside our store you will find a comprehensive inventory of fine hardwood plywoods, hardwood lumber, trims and mouldings. Quality hardwoods are a must for fine cabinet makers, craftsmen and homeowners who know the difference it will make in their

finished creations. We stock the most popular species and sizes of hardwoods, including Oak, Maple, Poplar, Birch, Cherry, and Walnut, plus we can special order thermally modified poplar, ash, oak - another reason why we've been Sonoma County's Lumberyard for over 112 years!

THE TONGUE & GROOVE ALTERNATIVE TO SHIPLAP

V-GROOVE T&G WOTG
23/32" x 5-1/2" x 16' #1616WOTG

\$43⁹² each

Create V-Groove ceilings or add wainscoting to your rooms. With WindsorONE V-Groove boards get the same precision tongue & groove as beadboard, with the more minimalist feel of shiplap.

WindsorONE is smooth, straight and comes with an industry leading prime coat. WindsorONE is locally milled in the USA, our mills are in Surry, VA and Willits, CA

Kelleher Corporation Moulding

Moulding and trim have been enhancing homes for centuries, offering a polished look and an opportunity for aesthetic or artistic expression. Beyond their decorative appeal, mouldings serve a functional purpose by seamlessly connecting different elements of a building, such as walls, floors, doors, and windows.

At Mead Clark, we carry a wide selection of mouldings to provide the perfect finishing touch for your building project. Our stock includes crown moulding, baseboards, casings, chair rails, and more. We offer favored wood species like solid oak, Douglas fir and pine. For those seeking a paint-ready option, we also supply primed pine, which comes with a machine-applied primer, requiring only a top coat for a final finish—saving both time and cost on the job.

We partner with the Kelleher Corporation, our local supplier of moulding and trim. If we don't have exactly what you're looking for, we can place a special order right away.

Miterix Angle Duplicator

#530401. MEASURE, LOCK, THEN TRANSFER: Use the tool to measure the exact miter angle you need right on your piece, then lock it, and copy it to your Miter saw. The Miterix divides the angle in half for a perfect joint. Measures internal or external corners from 0-180 degrees, producing an accurate miter angle range of 0-90 degrees.

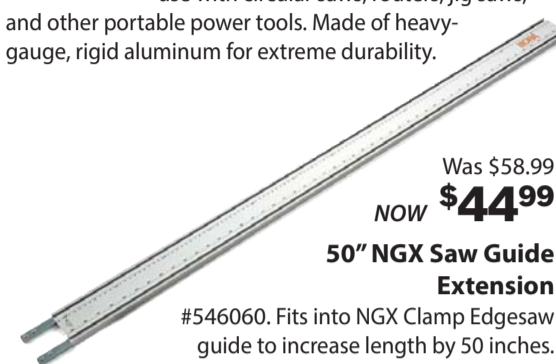

Was \$27.99

NOW \$19.99 pair

Bora Track Clamp

#542011. The Track Clamp set allows you to see — and use — your WTX or NGX Clamp Edge saw guide from a whole new angle. Cut any angle you need by attaching the Track Clamps to your existing WTX or NGX clamp edge. These clamps will make cutting angles fast, easy, and accurate and speeds up cutting down panel material such as plywood or MDF.

Was \$58.99 **NOW \$44.99**

50" NGX Saw Guide Extension

#546060. Fits into NGX Clamp Edgesaw guide to increase length by 50 inches. Easily attached with metal connectors. Made of heavy-gauge extruded aluminum.
