100 Ft. Green Line / Dot Laser

#GCL100-40G. The laser produces vertical, horizontal, cross-line modes, as well as upward and downward green plumb points. Can project two lines independently or together. Onboard user interface allows easy selection among the layout modes. Self-levels and indicates out-of-level condition. The included RM10 Rotating Mount offers quick setup, extra-strong magnets, and fine adjustment rotating nob.

**360° Connected Green-Beam
 Three-Plane Leveling and
 Alignment Line Laser**

#345003. Provides an all-in-one level and alignment solution for one-person job setup. The leveling laser generates three green-beam laser chalk lines in 360° laser planes – one horizontal and two vertical. With Bluetooth® connectivity, users can control the setup of the laser from across the room with their smart phone and the free Bosch Leveling Remote App.
